

WHY BENCHMARKS?

Using a set of benchmarks to build strong and vibrant business district associations, Venture Portland contributes to the city's five-year Neighborhood Economic Development goal that 80% of Portland's volunteer-run neighborhood business associations are successfully contributing to a strong neighborhood economy. After establishing a baseline of activities, business districts define their own benchmarks and the appropriate roadmap to find success and long-term financial and programmatic stability and sustainability. Business districts implement year-over-year accomplishments until the benchmark is achieved. This moves business districts toward self-sustainability. Once a benchmark is achieved, business districts are free to focus on another area for strategic growth.

Benchmarks (priority benchmarks in bold):

- **Strong Membership**
- **Self-sustaining Signature Annual Event**
- **Web/Social Media Presence**
- District Identity/Place-making
- Collateral/Map/Newsletter
- Marketing/Media/PR campaign

Benchmark Grants Frequently Asked Questions

Q: Which benchmark should my district apply for?

A: Generally, districts should focus on the three priority benchmarks first (Strong Membership, Self-sustaining Signature Annual Event, Web/Social Media Presence). The Benchmarking Success tool is useful for determining which benchmark your district should focus on.

Q: Can I apply for multiple projects under the same benchmark?

A: No. Districts should focus on one project per benchmark.

Q: Can I be working towards multiple benchmarks at the same time?

A: Yes. Districts should focus on the benchmark that is most needed by their district at that time.

Q: How long does it take to achieve a benchmark?

A: It depends on the goals that your district has set and the progress that is made each year. Generally, it takes 3-5 years to achieve a benchmark.

Q: Once I achieve a benchmark is my district no longer eligible for funding under that Benchmark?

A: Yes. But benchmarks can always be revisited due to significant changes in the district (recession, loss of an anchor business, new permitting fees, etc) so don't be afraid to own your success!
